What is your deepest desire?
It's possible you're not even conscious of this.

Why are you here?
Food / shelter / money / some other need.

Drawbacks

It's not a man's world anymore. It's humans versus the incredibly small things, the incredibly hot things.

Don't touch the kit, OK?

Topology is clear: the Zone exhibits new dimensionality... and so does **Latch Key Kid** if you're not mistaken. You'd love to get her/him/them under the microscope.

There's nothing mystical about the Zone: we need more data, that's all. Science is nothing without application.

Equipment

Portable Laboratory packed kit-form into a rucksack.

Lightweight Zone Suit prototype: airtight & Kevlar-coated but untested against the lesser-known anomalies.
